 If this application is on behalf of a number of groups, please complete the table below.

Applications on behalf of more than one group

CIC community groups are welcome to pool their small grants together to support a single project. We need to know

- how much each group is claiming from their £500 maximum small grant allocation
- how the grant payments are to be made. The grants can be paid equally to each group, or, with the agreement of all parties, to just one lead partner.
- With prior agreement we can also make grant payments direct to a third party, eg when a grant application is to enable eligible activity carried out by another organisation eg a village hall, in which case please include the recipient organisation in the table below.

Please use the table below to indicate

- the names of all the Community Shareholder Groups making this application
- the amount each group is applying for in relation to this activity.
- The amount each group would like paid to their organisation’s account (for example, you may nominate one or more organisations to administer expenditure relating to the activity on behalf of all the groups.)
